The world of ROI seems to fade away as soon as it starts. Is it bad marketing? Is it bad publicity ?

Are there too many forks ? Or there no fresh new ideas being deployed these days ?

The sustainability of the project and the hype will always be there when the payout is logical, and you have a community that supports your projects.

Looking at this scenario, five crypto enthusiasts came together to brainstorm a simple but effective formula where all investors would be able to invest safely and securely.

BNBHUB is the outcome of brainstorming and discussions with its close-knit community. BNBHUB will be a trailblazer and set the standard for how ROI dApps should be built and offered to investors and the community.

Investors should also have sufficient funds in BNB for investment and transaction purposes.

BNBHUB is audited by PeckShield Audits & Securities.

BNBHUB is built on the Binance Smart Chain by five experienced crypto enthusiasts for general crypto investors. BNBHUB is the simplest way to rinse and repeat your success in earning continuous BNB.

The audit is vital for the BNBHUB project to ensure that it is free from scams, vulnerabilities, and unwanted malicious scripts, providing investors with a safe investing environment.

**Basic Interest Rate****2.5% every 24 hours.****Personal Hold Bonus****+0.1% every 24 hours with condition no withdrawal is performed.****Contract Bonus****+0.1% for every 500 BNB on contract balance.****Total Profits****200 %****Minimum Investment****0.05 BNB****Maximum Investment****1000 BNB**

A successful project does not need multiple plans. This only confuses investors and most of the time, those who invest in the longer tenure stands to loose out.

Understanding this situation, we at BNBHUB made it simple for our investors.
